

# “Essentials of Hazardous Materials Management”

Dates: **May 5 – 8, 2008**  
Presented by: **ACHMM - Thunderbird Chapter**  
Location: **Phoenix, Arizona**

This 4-day course offers an intensive review of environmental laws, regulations and health and safety principles for Environmental and Safety professionals with responsibility for Hazardous Materials Management. Many EH&S professionals take the “**Essentials of Hazardous Materials Management**” course to satisfy training requirements, enhance competence, and obtain information regarding rules and regulations. Course instructors typically include practicing EH&S professionals who have been selected from business, industry, academia, and government agencies.

## “Essentials of Hazardous Materials Management” topics include:

- Chemical and Physical Properties of Hazardous Materials
- Sampling and Laboratory Analysis of Hazardous Materials
- Environmental Assessments
- Waste Minimization and Pollution Prevention
- Environmental Laws and Regulations
- Resource Recovery and Conservation Act (RCRA)
- RCRA Corrective Action and Treatment Technology Selection Guidelines
- Underground Storage Tank (UST) Management
- National Environmental Policy Act (NEPA)
- Hazardous Materials/Hazardous Waste Transportation
- Toxic Substances Control Act (TSCA)

- Clean Air Act (CAA)
- Storm Water Discharge Regulations and Oil Pollution Prevention Act
- Toxicological Principles
- Industrial Hygiene
- OSHA Requirements for Hazardous Materials Managers
- Radiation Principles and Mixed Waste Management
- Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA)
- HAZWOPER and Emergency Response
- Emergency Planning and Community Right-to-Know Act (EPCRA)
- Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA)
- Management Systems and Tools

### ***This course is also helpful for preparing for CHMM Certification!***

Environmental programs are vital to public health and safety. The management of hazardous materials requires proven and unquestionable skill and competence. Quality control over professionals involved in programs of national importance and public safety is best accomplished through professional certification. The **CHMM Certification** is one of the most widely-recognized.

The registration deadline for “**Essentials of Hazardous Materials Management**” is April 15, 2008
